Maybe even better than free.

You don't need any special software installed to be able to download your files. Just upload the file you want to share with your friends and we send you a download link to your file. Our service is completely free for everyone. Keep your files private, or send your download links only to friends or family. So tryour free and simple filehosting service now. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money indata storage fees. No account or credit card is required to get started. You can give this download link to your friends by mail or instant messenger. Your walletwill be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers,then from our servers to your friends device. The cost of that data transfer is covered by your internet service or the data plan on your phone. filehostingprovides an easy possibility for you to send large files to your friends. Why pay storage fees for a file that you just wanted to send to a friend or colleague?Also, many team chat apps have limits to the size of files that can be transferred within their apps. When you use file, you avoid storing the file you're sendingin your cloud storage or mail server. You decide who you want to share your files with. You can upload any type of file (movies, music, documents, images, zipfiles and more). There are no restrictions on the number of times a file can be downloaded. Files can be downloaded from any computer from our high speedservers. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Using file, you can circumvent those limits without paying toupgrade your team chat service. Simply upload your file and share the link. Unfortunately, we can't make that part free. We have no file size limit. Any file inany format can be uploaded and downloaded for free. Alternatively you can choose to share your download links on blogs, forums and social networking sites.File is free to use with no gotchas and no hidden fees. If only we could, we surely would! On the other hand, using file can actually save you money. It is alsoallowed to link to the download page from websites and communities.
